

CUSTOM LIFE RISK COMPARISON TOOL

HAVE YOUR OWN BRANDED RISK COMPARATOR

Omnium can develop a Life Risk Research solution completely customised to your dealer group or advice practice.

Customisable options

Colours and branding in solution

The whole solution and reports will be customised to your styling and branding scheme.

Preferred default options

Set your default options or lock down defaults and hide those options for simple quoting.

Custom and fixed APL

Set your APL and fix them for your adviser group.

Customise Needs Analysis tool

Give us your calculation method for insurance needs and we will build a calculator for your group with flexibility to change as you go.

Different views for different users

Give different advisers or managers different views of the solution and access to different functionality sets.
